

"I found I could say things with color and shapes that I couldn't say any other way; things I had no words for." - Georgia O'Keeffe

The Visual Arts Department at Martin enriches your child's education by providing unique opportunities for self-expression and deepening connections. All curriculum within the department provides **exposure** to the **fundamental** principals and elements of art. Subject and theme often relate to the work occurring in students' core courses, providing excellent opportunities to enhance learning.

Advanced Design

Martin's Visual Arts Department has two new art studio classrooms, outfitted with the latest equipment. This allows Martin to provide a range of arts courses for students of **all** skill levels and interests. Advanced level courses provide further study as students develop their interest.

For ease in determining content, the courses are divided into two areas: two dimensional or three dimensional arts.
